- English

Hobbies

- Reading
- Travelling
- Music
- CAD

Profile

I am a rigorous and persistent individual, always ready to take on new challenges. My ability to learn quickly and adapt to diverse situations allows me to thrive in dynamic environments. With a strong scientific background, I have an excellent command of mathematics, physics, chemistry, and computer science, enabling me to approach problems with precision and a methodical mindset.

Education

- Scientific Pre-Baccalaureate Probationary Exam** Sep 2023 – Jun 2024
General Bilingual High School Mimboman, Yaoundé
Scientific Probatory Exam with a specialization in mathematics, physics, and chemistry, awarded with highest honors (“Très Bien”).
- Scientific Baccalaureate** Sep 2024 – Jun 2025
General Bilingual High School Mimboman, Yaoundé
Scientific Baccalaureate with a specialization in mathematics, physics, chemistry, and computer science, awarded with highest honors (“Très Bien”).
- Industrial Management Engineering Program** Sep 2025 – Present
EMINES-UM6P, Ben Guérir

Skills

- Analytical & Problem-Solving Skills
- Technical & Digital Competence
- Teamwork, Adaptability & Organizational Skills

Distinctions

- 2nd place nationwide at the 17th edition of the Cameroonian National Bilingual Polytechnics Olympiad, Series C – Science Track**
The Cameroonian National Bilingual Polytechnics Olympiad is an annual scientific competition that brings together thousands of students from Terminale and Upper Sixth, assessed in mathematics, physics, chemistry, and general knowledge. It offers top-performing candidates opportunities to gain admission into leading engineering schools in Cameroon.
- 7th place at the Journée de l'Excellence Scolaire (JES 2025)**
Academic excellence day organized by ISTIC (Institut Supérieur de Traduction, d'Interprétation et de Communication de Yaoundé), a subsidiary of IUA (Institut Universitaire d'Afrique).
